## **O Fantasma Da Revolução Brasileira (Portuguese Edition) Marcelo Ridenti**

Este livro introduz o leitor nos anos 1960 e 1970, oferecendo-lhe uma visão abrangente, mas seletiva, dos fatos sobre os quais incide a análise histórica e sociológica. Análise séria e aprofundada, porém vazada em linguagem acessível, sem rebuscamentos dispensáveis. Aqueles anos de virada já suscitaram uma literatura numerosa de depoimentos pessoais, mas os trabalhos de pesquisa analítica ainda são escassos. Houve mesmo um declínio de interesse por aqueles anos malditos, na medida em que ganhou ímpeto, no país, o processo de finalização da ditadura militar e de reorganização democrática das instituições do Estado e da vida partidária. Generalizou-se o ponto de vista segundo o qual a esquerda, que se empenhou na luta armada, cometeu erros primários, a respeito dos quais não valia a pena perder tempo. Mas semelhante ponto de vista se diluiu e os anos rebeldes despertaram atração em época recente, associados à vivência das enormes dificuldades econômicas e das complicações políticas, sobre as quais não deixam de influir os acontecimentos internacionais relacionados com o desmoronamento dos regimes comunistas no Leste Europeu. Sendo assim, a publicação deste livro salienta-se por trazer respostas ou esclarecimentos às indagações das velhas e, sobretudo, das novas gerações politizadas ou despertadas para a atuação política.
