A Comparative View of the Constitutions of Great Britain and the United States of America P. F. Aiken

In six lectures, Aiken compares the constitutions of Great Britain and the United States and also examines their similarities and differences in terms of government, (The House of Commons and the House of Representatives, the Senate and the House of Lords), religion, slavery, elections, the judiciary and other topics. "The author's design was to compare our limited monarchy with the greatest modern republic, not in order to disparage either, but to elucidate both to a popular audience of his countrymen (...) The subject has an intrinsic claim to attention. It embraces a variety of topics, both entertaining and important, and historical truths of immense practical value, concerning which the people are deeply interested and too often misled." - (Preface, viii Contents: Lecture One: Introductory Lecture Two: Provincial Institutions. Outline of American Constitution. Lecture Three: Elective Franchise. Legislative Assemblies. Lecture Four: The Executive Power. Lecture Five: Law-Religion. Lecture Six: Social Influence of Political Institutions. Peter Freeland Aiken (1799?-1877) was a Scottish advocate for some time, and later moved to Bristol, England. He was the author of *The People's Charter*, and *Old England For Ever* (1839) and *War: Religiously, Morally and Historically Considered* (1850).
