## **The Proof: A 40-Day Program for Embodying Oneness** James Twyman

The saints and mystics are unanimous in their belief that we are not the separate beings we believe ourselves to be, but that we are in reality—One. Best-selling author, filmmaker, and musician James Twyman tested this in a dramatic experiment that has inspired hundreds of thousands of people. A volunteer hid a book somewhere in the Continental U.S., and while that person focused on the location, they boarded a flight and found the actual hiding spot in Seattle, proving that thoughts can be shared and that we are not as isolated as we once thought. The Proof teaches how anyone can accomplish the same task, proving to themselves that separation really is an illusion. Through step-by-step instructions, you'll be able to tap into your own hidden power to achieve the miracles you only dreamed of before. The book also contains a 40-Day program for embodying Oneness in your life. This is more than an instruction manual, but a doorway into a new world.
