## **The New Plumbing Guide** Sherman Turner

"The New Plumbing Guide" takes you by the hand and literally teaches you the "how tos" and the "what ifs" in resolving many plumbing emergencies. It simplifies the technical language and gives you an understanding of what the problem is, why it happens, and how to fix it. It also encourages the use of current technology, gives you details on electronically estimating, plumbing, and large construction jobs of all types, and explains the benefits of computerized Bid checks and Bid reviews. Using this new technology enables you to electronically do various kinds of plumbing estimating for any size construction job. The guide gives you the proper answer to "how many required labor hours are needed" for computer estimates; a feature that will improve the accuracy of your Bid checks and Bid reviews. Just add all costs of labor, materials, equipment, fixtures, along with Sub-Contractor costs, including OH & P (overhead and profit), for your overall total job costs. Bottom line, "The New Plumbing Guide" is a must-have book for Contractors, Homeowners, and non-professional do-it-yourself plumbers learning the trade. The book can also be used as management tool for aspiring Small Business Owners who have geared themselves towards any other type of construction business. Institutions of higher learning will also benefit by subsidizing their training curriculum with the "New Plumbing Guide".
