Backpacking California

Backpacking California

Aimed at serious outdoor lovers, the described routes assume some familiarity with backpacking. The trips range from one night to two weeks, and cover the Coast Ranges from Mexico to Oregon, the Sierra Nevada, the Cascades, and the Warner Mountains, including portions of the Pacific Crest Trail, the High Sierra Trail, and the John Muir Trail. Some are old favorites, others are published here for the first time.

Brief biographies introduce you to the venerable Wilderness Press authors who will be your guides. Their unique and personable styles reflect a labor of love, and their helpful tips reveal extensive backpacking expertise.

Edited by Paul Backhurst, trail descriptions are arranged in a clear and readable format. Each trip includes a trail map showing the trailhead, route, and terminus; campsites; mileage; and an at-a-glance hiking difficulty chart.
