**Ladies and Gentlemen: Why the Survival of our Republic Depends on the Revival of Honor** Gina Loudon, Dathan Paterno

*Ladies and Gentlemen* studies the history of the terms that once elevated the ideal woman and man and illuminates how the structure of Western society established and maintained the virtues. In contrast, the book demonstrates how three movements—atheism, liberalism, and radical feminism—undercut these ideals, especially in the 20th Century. Rather than a dry history lesson, readers will understand the crucial contributions of government, family, literature/media, and churches in producing a culture that either esteems or debases the best of each gender.

*Ladies and Gentlemen* draws aggressive battle lines in today's culture war, pressing Christians and conservatives to value all people, cherish manners, humility, and graciousness, and esteem virtue above self. It directly challenges politicians and media personalities to honor and reflect a culture of honor, as well as calling all conservatives to reward public figures who exhibit these traits, while rebuking or rejecting those who do not. The book exemplifies several public figures on both ends of the political spectrum who engender the traits of the lady or gentleman, as well as several who clearly fail.

Finally, *Ladies and Gentlemen* paints a portrait of modern civility, proving that women can be warriors without burning bras and men can be tough without smoking Marlboros on horseback. It instructs parents how to raise their own children to be ladies and gentlemen. Incorporating Biblical principles and an awareness of modern day challenges, it boosts parents' ability to navigate the murky waters of today's culture.
