## LE DRACULA DE STOCKER Les métamorphoses du comte: 92 (Camion Noir) (French Edition)

Élodie Beignon

L'œuvre qu'est Dracula semble plus complexe qu'il n'y paraît car elle véhicule des décennies voire des siècles de croyances obscures dont la littérature a par la suite enjolivé et romancé les origines. Ainsi, cette œuvre devenue mondialement connue, presque plus que son auteur lui-même, fut reprise de diverses manières, déformée, étriquée, remodelée au fil des siècles, autant sur le plan littéraire, cinématographique, théâtral que musical... C'est pourquoi il semble nécessaire et essentiel de revenir sur ce que fut originellement le personnage du comte Dracula tel que Stoker l'a dépeint et ainsi nous interroger sur les origines de la métamorphose tant littéraire que visuelle du personnage du comte, de sa création sous la plume de son auteur à nos jours. Pour cela, l'auteur reprend dans ces pages le portrait du comte Dracula peint par Bram Stoker, puis l'évolution, sa métamorphose cinématographique et visuelle (notamment au travers de la version de F.F. Coppola), pour enfin terminer sur une œuvre contemporaine : Dracula l'Immortel, suite écrite par un descendant de Bram Stoker, son arrière-petit-neveu : Dacre Stoker.
