Reading Adventures is a three-level reading series which teaches both the language and knowledge learners need to fully participate in today's global community. Using carefully adapted National Geographic text, images, and video, Reading Adventures develops both learners' understanding of the wider world in which they live, and the language skills necessary to succeed in the classroom. Each unit of Reading Adventures contains two related reading passages, covering a wide range of topics including culture, natural science, social issues, and world literature. Each unit also contains a video activity which can be done in class or at home. Make reading an adventure. Online--anywhere, anytime! Visit www.heinleELT.com/readingadventures for automatically-graded practice, reinforcing the reading skills, vocabulary, and grammar items found in every unit. National Geographic video content is available for viewing online, either inside or outside of the classroom.
