Resumo elementar de archeologia christã (Portuguese Edition) Joaquim Possidónio Narciso da Silva
Inaugurando-se agora nos seminarios de algumas dioceses de Portugal cadeiras para o ensino de archeologia christã, estudo que ha muito era urgente crear-se no nosso paiz, proponho-me publicar os elementos principaes d'esta sciencia, afim de facilitar os estudos a quem desejar possuir esses conhecimentos indispensaveis para curar da conservação dos objectos do culto e evitar o ignorante modo de se restaurarem os edificios religiosos dos differentes estylos, que pertencem á nação; pois já é tempo de não se continuar a praticar nos edificios concertos mal pensados, que alteram o caracter respectivo da sua architectura, e causam tambem desdouro ao avaliar-se a nossa civilisação. Ainda que não façamos um compendio completo, comtudo, talvez possa ser de algum auxilio para se divulgarem as instrucções principaes d'esta natureza afim de pôr cobro aos vandalismos que têm destruido tantas antiguidades e objectos preciosos do culto. Muito embora não se consiga desde já o proficuo resultado d'este ensino, todavia ficará registado, no final do seculo XIX, o empenho que illustres Prelados têm tomado para obstar a serem illudidos os parochos nas substituições das alfaias, e para se opporem ás defeituosas restaurações dos monumentos religiosos do nosso paiz. Darei por bem empregada esta minha modesta publicação, se por ventura conseguir este empenho patriotico e artistico a que tenho constantemente dedicado a maior parte da minha existencia. Possidonio da Silva.
