Explore the vital links between technology and lifelong learning!

Get the real-life perspective of professionals at the intersection of old ways and new technology in this book written by and for librarians. *Information Literacy Programs: Successes and Challenges* provides you with the different viewpoints of librarians who have taken varying paths in their information literacy programs. You'll learn about the roles of Web-based collaboration, teamwork with academic and administrative colleagues, evidence-based librarianship, and active learning strategies in library instruction programs. *Information Literacy Programs* can help you refresh your own teaching while opening your eyes to the many possible approaches to information literacy.

Helpful features you'll find in *Information Literacy Programs* include:

- tips on connecting with technology-savvy "Generation Y"
- principles for multi-campus collaboration
- guidelines for setting up a successful retreat for teaching librarians
- information about the benefits of interdisciplinary partnerships
- comprehensive bibliographies
- methods for assessing your current information literacy programs
- discussion of immersion programs for professional development

From reader reviews:

Maria Lacher:

Book is written, printed, or descriptive for everything. You can know everything you want by a publication. Book has a different type. As we know that book is important factor to bring us around the world. Alongside that you can your reading expertise was fluently. A book Information Literacy Programs: Successes and Challenges (Journal of Library Administration) will make you to always be smarter. You can feel much more confidence if you can know about everything. But some of you think that open or reading a book make you bored. It isn't make you fun. Why they could be thought like that? Have you in search of best book or ideal book with you?

Julie Ross:

Nowadays reading books are more than want or need but also become a life style. This reading routine give you lot of advantages. The advantages you got of course the knowledge the particular information inside the book that will improve your knowledge and information. The information you get based on what kind of publication you read, if you want have more knowledge just go with education and learning books but if you want experience happy read one having theme for entertaining including comic or novel. Often the Information Literacy Programs: Successes and Challenges (Journal of Library Administration) is kind of guide which is giving the reader erratic experience.

Daniel Campbell:

Playing with family in the park, coming to see the coastal world or hanging out with close friends is thing that usually you might have done when you have spare time, and then why you don't try thing that really opposite from that. A single activity that make you not feeling tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love Information Literacy Programs: Successes and Challenges (Journal of Library Administration), you could enjoy both. It is very good combination right, you still want to miss it? What kind of hang type is it? Oh seriously its mind hangout men. What? Still don't obtain it, oh come on its called reading friends.

Timothy Kahle:

Is it a person who having spare time after that spend it whole day by watching television programs or just lying on the bed? Do you need something totally new? This Information Literacy Programs: Successes and Challenges (Journal of Library Administration) can be the solution, oh how comes? It's a book you know. You are and so out of date, spending your free time by reading in this new era is common not a nerd activity. So what these publications have than the others?
