La strategia del canguro (Italian Edition) Charlotte Balssa

Agli occhi degli Europei, l'Australia rimane un Paese lontano, un luogo quasi d'esilio. I problemi strategici dell'Asia-Pacifico sono sempre infatti stati presi poco in considerazione dai mass-media nostrani. Tuttavia, diversi avvenimenti, come la crescita della Potenza cinese e la crisi nucleare coreana, hanno riaperto l'interesse del Mondo occidentale.

La fine degli Anni 2000 ha visto il ritiro delle truppe americane e dei loro alleati dal Medio Oriente con la fine della guerra contro il "terrorismo". Gli Stati Uniti hanno, da quel momento in poi, cominciato a riassetare i loro obiettivi strategici verso l'Asia per far fronte ad una Repubblica Popolare Cinese che sempre più afferma la propria influenza in una regione che considera sua. Dal 2011 però Washington, ricordandosi di essere anch'essa una "Potenza del Pacifico", ha iniziato a portare avanti una politica più attiva nell'area, non intendendo permettere alla Cina di mettere a rischio i suoi interessi.

È in tale contesto che l'Australia si è impegnata a ridefinire la sua strategia geopolitica ed a voler affermare il suo ruolo di Potenza regionale. Il partenariato commerciale con la Cina, tuttavia, ha permesso all'Australia, alleata degli USA dal 1951, di evitare la crisi economica che ha colpito tutti i Paesi industrializzati dal 2008. Camberra si trova oggi posta così di fronte ad un dilemma di posizionamento strategico, cioè l'essere un Paese occidentale inserito nel mondo asiatico. Ciò la porta spesso ad essere combattuta tra la sua appartenenza culturale e la sua appartenenza geografica. Inserita nel cuore di una regione nella quale le tensioni sono in aumento, l'Australia è così obbligata a fare una scelta tra il suo più importante alleato politico-strategico e la sua principale partner commerciale.
