Prepare for career success with this trusted introduction to the world of health insurance billing and the dynamic, growing field of health information management. A GUIDE TO HEALTH INSURANCE BILLING, Fourth Edition, provides a thorough, practical overview of key principles and current practices, from patient registration to claims submission. Now updated to reflect the latest trends, technology, terminology, legal and regulatory guidelines, and coding systems--including ICD-10--the new edition also features a dynamic full-color layout. The text also includes abundant exercises, examples, case studies, and activities focused on real-world applications, including step-by-step procedures for generating, processing, and submitting health insurance claims to commercial, private, and government insurance programs. An access code for SimClaim interactive online billing software is also provided; this program puts billing skills to the test with case studies that require form completion.
