Excerpt from Liquid Fuels for Internal Combustion Engines: A Practical Treatise, for Engineers Chemists

Though only two years have elapsed since the first edition left the author's hands, many developments have taken place and numerous researches have been published during this period. It has therefore been necessary to make many additions to the matter of the original edition.

About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com)

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
