Me & Lee: How I Came to Know, Love and Lose Lee Harvey Oswald Jim Marrs, Judyth Vary Baker
Judyth Vary was once a promising science student who dreamed of finding a cure for cancer; this exposé is her account of how she strayed from a path of mainstream scholarship at the University of Florida to a life of espionage in New Orleans with Lee Harvey Oswald. In her narrative she offers extensive documentation on how she came to be a cancer expert at such a young age, the personalities who urged her to relocate to New Orleans, and what led to her involvement in the development of a biological weapon that Oswald was to smuggle into Cuba to eliminate Fidel Castro. Details on what she knew of Kennedy's impending assassination, her conversations with Oswald as late as two days before the killing, and her belief that Oswald was a deep-cover intelligence agent who was framed for an assassination he was actually trying to prevent, are also revealed.
