American Catholic Social Teaching, with CD-ROM of Bishops' Documents

Whenever a homily about justice and charity is preached, whenever a union leader or politician inspired by papal pronouncements about just wages stands up to help poorly paid workers, whenever a diocesan newspaper publishes an article advocating creative ways to battle injustices of any sort--these are the ways Catholic social teachings are realized in the everyday world. Catholic social teaching is usually applied to approximately a dozen documents from Vatican sources--popes, councils, and synods of bishops. These social documents deal primarily with issues of life in modern society, including economic and political realities facing all people. A more expansive understanding of Catholic social teaching would extend the conventional definition of the phrase in three ways: first, to consider how Church leaders and theologians addressed social realities in eras prior to the advent of modern social teaching; second, to include developments on the local level, including statements by individual bishops in their dioceses and regional groupings of bishops such as national episcopal conferences; third, to include various types of applied Catholic social teaching. In American Catholic Social Teaching, a CD-ROM and book, Massaro and Shannon focus on the second definition listed above--efforts at the local level--and address the role of the laity and the concrete application of social teachings on the part of the laity. The documents and resources in American Catholic Social Teaching present the core of the social teaching of the American Catholic Church. Volume I: The Documents, is a CD-ROM containing twenty-three documents of social teaching from bishops of the Catholic Church in the United States written between 1829 and 1999. Volume II: Analysis of the Tradition, is a book containing twenty essays on the same social issues addressed by the bishops' statements in Volume I. System requirements: - Windows 95/98/NT i486 or Pentium processor-based personal computer- Microsoft Windows 95 or 98 or NT (with Service pack 3 or later)- 8MB of RAM on Windows 95 and Windows 98 (16MB recommended) This application is designed to be completely self-contained. Nothing will be loaded onto your computer system; everything needed to run the application software is on the CD-ROM. The CD is an autoloading CD. Insert the CD into your CD reader and Adobe Acrobat Reader will start and display a catalog of images.
