Cellular Immunology LabFax (Labfax Series)

LABFAX volumes are purpose-designed data reference books for practicing scientists. Each book presents the key information for a major subject in one place and so saves hours of searching. The authors and editors of each LABFAX volume have searched the original literature for the accurate data they know the subject specialist needs.

Cellular Immunology Labfax is a detailed compendium of information on the tissues and cells of the immune system, cell lines and hybridomas, antigens and receptors, the major histocompatibility complex, soluble immunoregulatory molecules, *in vivo* procedures, important features of species used in immunological research, and much more.

The contents of **Cellular Immunology Labfax** have been carefully chosen to complement the data presented in **Immunochemistry Labfax**. It is therefore the companion volume to this text.
