Imperial Women in Byzantium 1025-1204: Power, Patronage and Ideology (Women And Men In History) Barbara Hill

This book will be essential reading for anyone studying Byzantine history in this period. It ranges in time from the death of the emperor Basil II in 1025 to the sacking of the city of Constantinople by the Fourth Crusaders in 1204, spanning the rise and fall of the successful Komnenos dynasty. Eleventh-century Byzantine history is unusual in that imperial women were able to wield immense power and in this groundbreaking book Dr Hill explores why this was possible and, equally, why they lost their position of influence a century later.
