**Pediatría de Bolsillo (Lippincott Manual Handbook) (Spanish Edition)** Paritosh Prasad Prasad  
Pediatría de bolsillo, que ha sido redactada por residentes y médicos del hospital General Infantil de Massachusetts, conserva el estilo de Medicina de bolsillo, una de las obras más vendidas y populares entre estudiantes de medicina, internistas y residentes. Su reducido tamaño y su práctico diseño facilitan su uso en las salas de medicina y como fuente de repaso para los estudiantes antes de los exámenes. Mediante listas, tablas y algoritmos, Pediatría de bolsillo proporciona la información clínica fundamental sobre los principales problemas que puede presentar el niño en áreas como la cardiología, la neumología, la gastroenterología, la nefrología, la hematología-oncología, las enfermedades infecciosas, la endocrinología, las enfermedades reumáticas y la neurología, así como sobre el paciente sano y el paciente en la UCI.
