Physics for the Anaesthetic Viva is a succinct and practical text that comprehensively covers all aspects of the physics and clinical measurement curriculum for the FRCA examinations. Each section begins by explaining the basic science concepts, which are then expanded and related to everyday practice. Illustrations are used to enhance understanding of the concepts, and are presented in such a way as to be easy to reproduce in the exam setting. In addition, sample viva questions are provided at the end of each chapter to test learning, or for use in a mock viva session. Written by trainees for trainees, this book provides exactly what you need to pass the exam.
