Photograph the Face

Photograph the Face

The face is the most important part of any portrait—but there are over seven billion unique faces on this planet and no single approach that will flatter every one of them. In this book, acclaimed photo-educator Jeff Smith shows you how to rise to the challenge. Step-by-step lessons show you how to customize every aspect of the portrait to emphasize your client's best features through careful posing and conscious placement of each light source. Simple fixes are also included to disguise common issues like double chins, larger noses, protruding ears, and uneven eyes—along with tips for slimming the face, enhancing symmetry, and de-emphasizing signs of aging. Before and after images are provided throughout, making it easy to master each skill and begin creating portraits that practically sell themselves.

From reader reviews:

Rod Doughty:

Book is to be different for each grade. Book for children right up until adult are different content. We all know that that book is very important for people. The book Photograph the Face has been making you to know about other information and of course you can take more information. It is quite advantages for you. The guide Photograph the Face is not only giving you far more new information but also to be your friend when you truly feel bored. You can spend your personal spend time to read your book. Try to make relationship together with the book Photograph the Face. You never feel lose out for everything when you read some books.

Lily Spivey:

In this 21st millennium, people become competitive in every single way. By being competitive at this point, people have do something to make them survives, being in the middle of the actual crowded place and notice through surrounding. One thing that at times many people have underestimated the idea for a while is reading. Sure, by reading a e-book your ability to survive boost then having chance to stay than other is high. For you personally who want to start reading a book, we give you this particular Photograph the Face book as beginner and daily reading e-book. Why, because this book is more than just a book.

Faye Pearson:

Is it a person who having spare time then spend it whole day simply by watching television programs or just laying on the bed? Do you need something new? This Photograph the Face can be the respond to, oh how comes? A book you know. You are thus out of date, spending your spare time by reading in this brand-new era is common not a nerd activity. So what these publications have than the others?

Jose Rivera:

A lot of guide has printed but it differs from the others. You can get it by web on social media. You can choose the most beneficial book for you, science, comedian, novel, or whatever simply by searching from it. It is named of book Photograph the Face. You'll be able to your knowledge by it. Without departing the printed book, it could add your knowledge and make you actually happier to read. It is most significant that, you must aware about publication. It can bring you from one place to other place.
