**The *New York Times* bestseller that is an inspiring ?story of hope? (*People*) for parents of autistic children**

One morning Jenny McCarthy was having a cup of coffee when she sensed something was wrong. She ran into her two-year-old son Evan's room and found him having a seizure. Doctor after doctor misdiagnosed Evan until?after many harrowing, life-threatening episodes?one good doctor discovered that Evan is autistic.

With a foreword from Dr. David Feinberg, medical director of the Resnick Neuro-psychiatric Hospital at UCLA, and an introduction by Jerry J. Kartzinel, a top pediatric autism specialist, *Louder Than Words* follows Jenny as she discovered an intense combination of behavioral therapy, diet, and supplements that became the key to saving Evan from autism. Her story sheds much-needed light on autism through her own heartbreak, struggle, and ultimately hopeful example of how a parent can shape a child's life and happiness.
