Many people view marriage as an age-old institution, steeped in tradition. In today's society, however, opinions on marriage and partnership are being challenged, and ideas are rapidly evolving. Critics of same-sex marriage suggest that redefining marriage would undermine its ideals, but what does "marriage" really mean? This book examines contemporary issues surrounding the marriage debate; presenting a variety of opinions, facts and statistics. Marriage and Partnership also considers the process of divorce, or ending a civil partnership, and raises important topics such as forced marriage and child marriage. The information inside comes from a variety of sources, including newspapers, magazines, government reports and charity groups; providing different perspectives on challenging topics. At the end of the book is a selection of activities that will encourage interaction, literacy, critical thinking and independent research.
