Women's Health: Hormones, Emotions and Behavior (Psychiatry and Medicine)

Women's Health: Hormones, Emotions and Behavior (Psychiatry and Medicine)

This book offers an overview of the complex interplay between hormonal activation and individual and environmental influences in health and disease in women. The book provides useful information and background material important for treating problems related to the reproductive cycle, eating disorders, drug treatment of women, and clinical and treatment issues in coronary artery disease and breast cancer. This is a medically oriented book written firstly for the practising physician in primary care, psychiatry, internal medicine and gynaecology and obstetrics.
