"I can't remember the last time I devoured a book so eagerly. Magnificent!" --Elin Hilderbrand, *New York Times* bestselling author

In this powerfully written and insightful novel, author Stacy Robinson explores the consequences of flawed choices, the complex nature of betrayal and forgiveness—and the intriguing possibility of second acts...

Claire Montgomery has a lifetime of sensible decisions behind her. Yet all it takes is one impulsive indiscretion to bring everything crashing down—her marriage to a wealthy entrepreneur, her status as half of one of Denver society's power couples, and the future she dreamed of for their seventeen-year-old son, Nick.

Claire's husband, Michael, angrily blames her for the recklessness that has left Nick's life in the balance, though not nearly as much as Claire blames herself. But as Nick struggles to move forward, Claire too begins inching toward a reimagined future. Along with a fresh perspective come new questions. Are there other reasons for her fractured relationship and Michael's increasingly erratic behavior? Has he, too, been harboring painful secrets? And does Claire dare to find the real truth, when her seamlessly decorated world of privilege and security is at stake?
