Chicken Soup for the Soul: Raising Great Kids: 101 Stories about Sharing Values from Generation to Generation Amy Newmark

Tolerance, respect, compassion and other values start at home, in healthy, strong relationships between the generations. These stories provide practical, insightful tips for parents and grandparents looking to strengthen their families and raise successful children.

As role models, parents and grandparents teach good values, like tolerance, accepting differences, shedding prejudices, and making good decisions. And having those traits makes us more successful as adults, too.

The personal stories in this collection not only show adult readers how to be their best selves, but also offer great advice on how to raise resilient, confident, upstanding kids — kids who exhibit all the qualities of acceptance, courage, and inner strength. These stories provide practical, insightful tips for parents and grandparents looking to strengthen their families and raise caring, confident, successful children.

This book harnesses the power of storytelling to inspire and teach while also entertaining readers. Key issues such as bullying; religious, ethnic, and lifestyle tolerance; values; and making good decisions are addressed in stories selected from Chicken Soup for the Soul's vast library of bestselling books, representing the best on these topics from the company's 22-year history.

This book is a joint project of Chicken Soup for the Soul and The Boniuk Foundation, which are working together to promote tolerance, respect, and compassion, inspiring young people and adults to embrace their differences, reject stereotypes, and make good choices. It's part of a larger effort that includes additional books for kids and preteens, teens, and college students, as well as a family television show every Saturday morning starting in October.
