ISO 11439:2000, Gas cylinders -- High pressure cylinders for the on-board storage of natural gas as a fuel for automotive vehicles

ISO TC 58/SC 3/WG 17

ISO 11439:2000, Gas cylinders -- High pressure cylinders for the on-board storage of natural gas as a fuel for automotive vehicles ISO TC 58/SC 3/WG 17

This International Standard specifies minimum requirements for serially produced light-weight refillable gas cylinders intended only for the on-board storage of high pressure compressed natural gas as a fuel for automotive vehicles to which the cylinders are to be fixed. The service conditions do not cover external loadings which may arise from vehicle collisions, etc. This International Standard covers cylinders of any steel, aluminium or non-metallic material construction, using any design or method of manufacture suitable for the specified service conditions. This International Standard does not cover cylinders of stainless steel or of welded construction. Cylinders covered by this International Standard are designated as follows: CNG-1 Metal CNG-2 Metal liner reinforced with resin impregnated continuous filament (hoop wrapped) CNG-3 Metal liner reinforced with resin impregnated continuous filament (fully wrapped) CNG-4 Resin impregnated continuous filament with a non-metallic liner (all composite)

From reader reviews:

Mary Todd:

The reserve untitled ISO 11439:2000, Gas cylinders -- High pressure cylinders for the on-board storage of natural gas as a fuel for automotive vehicles is the book that recommended to you to learn. You can see the quality of the e-book content that will be shown to anyone. The language that author use to explained their ideas are easily to understand. The author was did a lot of investigation when write the book, to ensure the information that they share for you is absolutely accurate. You also could get the e-book of ISO 11439:2000, Gas cylinders -- High pressure cylinders for the on-board storage of natural gas as a fuel for automotive vehicles from the publisher to make you more enjoy free time.

Gregory Jager:

Spent a free the perfect time to be fun activity to accomplish! A lot of people spent their spare time with their family, or their own friends. Usually they carrying out activity like watching television, gonna beach, or picnic in the park. They actually doing same thing every week. Do you feel it? Will you something different to fill your free time/ holiday? Might be reading a book is usually option to fill your free of charge time/ holiday. The first thing that you ask may be what kinds of e-book that you should read. If you want to test look for book, may be the book untitled ISO 11439:2000, Gas cylinders -- High pressure cylinders for the on-board storage of natural gas as a fuel for automotive vehicles can be very good book to read. May be it is usually best activity to you.

Shane McKeel:

Within this era which is the greater man or woman or who has ability to do something more are more valuable than other. Do you want to become one among it? It is just simple way to have that. What you need to do is just spending your time not very much but quite enough to experience a look at some books. One of many books in the top collection in your reading list is definitely ISO 11439:2000, Gas cylinders -- High pressure cylinders for the on-board storage of natural gas as a fuel for automotive vehicles. This book which is qualified as The Hungry Slopes can get you closer in turning into precious person. By looking up and review this guide you can get many advantages.

Ethel Orr:

As we know that book is important thing to add our information for everything. By a reserve we can know everything we wish. A book is a range of written, printed, illustrated as well as blank sheet. Every year seemed to be exactly added. This e-book ISO 11439:2000, Gas cylinders -- High pressure cylinders for the on-board storage of natural gas as a fuel for automotive vehicles was filled about science. Spend your time to add your knowledge about your research competence. Some people has distinct feel when they reading some sort of book. If you know how big advantage of a book, you can truly feel enjoy to read a publication. In the modern era like at this point, many ways to get book you wanted.
