"What the eyes see, and the ears hear, the mind believes..."

What Dominic Law found out after his first couple of cases as a private investigator was that everything... and everyone... is not what it seems. However, since he had Natasha and Niki to relieve the stress after working such difficult cases, Dom figured that it was worth all the trouble... especially when they knew the stresses of the job, with Natasha being a detective and Niki being the newly appointed assistant district attorney.

The next cases that the firm picks up are no less complicated; one involves a murdered submissive in Natasha's district, leading them to try and weed out the killer among five different Dominants with an axe to grind. The other case that occurs in Niki's district brings to the surface an issue that is at the center of debate in the Fetish community: consent. Or, more specifically, can consent be used to hide behind a crime committed during the heat of passion?

Deviant Intent: Deception takes you back to the streets and dungeons of Atlanta's Fetish community, twisting the cases to their final conclusions, guiding you through the minds of the principal players of the "Kink Detective" series.
