From Baylor to Baylor: 1991-2006: ACM-ICPC World Finals William B. Poucher, Miguel A. Revilla
From Baylor to Baylor preserves the legacy of the ACM-ICPC World Finals. The book contains all the problems used during the 1991 to 2006 competitions, carefully typesetted and formatted to the highest standard. Also, almost 100 figures have been completely redrawn to improve their printed quality. Prefaced by William B. Poucher from Baylor University (Texas) and coordinated by Miguel A. Revilla from Universidad de Valladolid (Spain), this work is the definitive guide to 16 years of history of the International Collegiate Programming Contest, published thanks to the collaboration of the Competitive Learning Institute and the Competitive Infrastructure Initiative. This book is tribute to all the staff, contestants, judges and volunteers that made it possible.

Jason Serrano:

As a scholar exactly feel bored to reading. If their teacher questioned them to go to the library in order to make summary for some book, they are complained. Just minor students that has reading's heart and soul or real their interest. They just do what the educator want, like asked to the library. They go to right now there but nothing reading critically. Any students feel that examining is not important, boring and also can't see colorful images on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country.
