## **IMF Lending to Developing Countries: Issues and Evidence (Development Policy Studies Series)**

Graham Bird

As the linchpin of the global financial system, the International Monetary Fund provides the balance of payments support, chiefly to developing countries, conditional on strict remedial policy measures. Its approach to policy remains highly controversial, however. While the Fund claims it has adapted, critics allege its policies are harshly doctrinaire, imposing hardships on already poverty-stricken people. For the critics, the half century of its existence is 'fifty years too long' and radical change is essential. This book examines the arguments, tracing the extent of Fund adaption, presenting major new evidence on the consequences of fund programmes, and considering its future role.

#### **Sarah Petty:**

As a college student exactly feel bored to reading. If their teacher requested them to go to the library in order to make summary for some reserve, they are complained. Just tiny students that has reading's spirit or real their leisure activity. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading really. Any students feel that studying is not important, boring as well as can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this IMF Lending to Developing Countries: Issues and Evidence (Development Policy Studies Series) can make you experience more interested to read.
