Learning Speed Reading is one of the best investments you can make in yourself. Having the ability to filter through and the mindset and techniques to rapidly move through content and absorb knowledge will reap huge benefits in both your personal and professional life. But first you need to unlearn your bad habits. Most people are still reading at the same speed as when they were 12 years old. The habits we developed then were good at that time, but they no longer serve us. If you want a quick way to increase productivity while reducing overwhelm and retaining more knowledge, this book is for you. In Read Super Fast, you'll learn how to overcome old habits such as subvocalizing or backtracking, new techniques such as Pre-Reading, Indenting or The Z Method, and new studying methods and memorization tips to help you integrate what you read.
