Yet there are millions of concerned parents, carers, friends and relatives who are confused and frustrated - both by their own personal circumstances, and by the abundance of potentially misleading information. *Hope with Eating Disorders* offers real understanding of the mind-set of someone suffering with a disorder, plus an extensive description of the various treatments available for the many and varied types of eating disorders that exist. With interviews from some of the world's leading experts, it sends the message that real, full and lasting recovery is possible, despite what we are so often told.
