## **Revolution** George Barna

This groundbreaking book shows that a revolution is already taking place within the church—one that will affect every believer in America. Committed, born-again Christians are exiting the established church in massive numbers. Why are they leaving? Where are they going? And what does this mean for the future of the church?

Drawing upon extensive data, renowned researcher and author George Barna predicts how this revolution will affect the organized church, how Christ's body of believers should react, and how individuals who are considering leaving (or those who have already left) can respond. For leaders working for positive change in the church, and for believers struggling to find a spiritual community and worship experience that resonates . . . get ready, because a revolution is here.
