Songs of the Women Trouveres Eglal Doss-Quinby, Joan Tasker Grimbert, Wendy Pfeiffer, Elizabeth Aubrey

The historical existence of women trouveres in northern France during the 12th and 13th centuries has been doubted, largely because many songs were anonymous. This anthology of over 70 Old French songs, accompanied by parallel English verse translation, aims to identify female authorship, based on the evidence of lyrics, linguistics and associated manuscript details. The extensive introduction discusses the female voice in a range of lyric types, including `chanson de femme' laments, romances and indecent vernacular songs, and considers the controversial role of women poets and musicians in medieval society. Includes extracts of sheet music.
