Stupid Children

Lenore Zion

Stupid Children Lenore Zion

Jane lived happily in Miami Beach with her father until his failed suicide attempt and relocation to a mental hospital forced her into the foster care system. By chance, Jane is assigned to foster parents in central Florida who are deeply involved in the Second Day Believers—a cult focused on the “cleansing” of mental impurities in their children, and the sanctity of the internal organs of farm animals. Jane is quickly initiated into the Second Day Believers, but her father’s lingering voice prevents her from becoming entirely indoctrinated. Despite Jane’s resistance, she is revered in the cult as the second coming of the late wife of Sir One, the leader of the Second Day Believers. Poised to rise through the ranks of the insane cult and marry their leader, Jane must make a difficult choice.

Stupid Children is a story inspired by Katherine Dunn’s, *Geek Love*, and written in a voice similar to Donald Barthelme. Hilarious, offbeat, fast-paced and wildly imaginative, Zion, a doctor of psychology, imbues her characters with bizarre psychological abnormalities to create vivid, memorable eccentrics that leap from the page. With deadpan, wonderful ruminations on tattoos, the nature of coincidence, drug use, father-daughter relationships, mental illness, violence, and deviant sexuality, this novel is destined to become a cult favorite.

From reader reviews:

Todd McCrea:

The book Stupid Children can give more knowledge and information about everything you want. Why then must we leave the great thing like a book Stupid Children? Several of you have a different opinion about reserve. But one aim which book can give many facts for us. It is absolutely right. Right now, try to closer together with your book. Knowledge or facts that you take for that, you may give for each other; you are able to share all of these. Book Stupid Children has simple shape but you know: it has great and large function for you. You can look the enormous world by open up and read a e-book. So it is very wonderful.

Antonia Parham:

In this era globalization it is important to someone to acquire information. The information will make a professional understand the condition of the world. The fitness of the world makes the information better to share. You can find a lot of personal references to get information example: internet, classifieds, book, and soon. You can see that now, a lot of publisher in which print many kinds of book. Typically the book that recommended to you personally is Stupid Children this reserve consist a lot of the information in the condition of this world now. This book was represented how can the world has grown up. The terminology styles that writer use to explain it is easy to understand. Typically the writer made some research when he makes this book. That's why this book suited all of you.

Phillip Chadwick:

Is it you who having spare time after that spend it whole day through watching television programs or just lying on the bed? Do you need something new? This Stupid Children can be the respond to, oh how comes? A book you know. You are so out of date, spending your time by reading in this brand new era is common not a geek activity. So what these publications have than the others?

Mary Christensen:

As we know that book is important thing to add our know-how for everything. By a reserve we can know everything we wish. A book is a range of written, printed, illustrated as well as blank sheet. Every year has been exactly added. This reserve Stupid Children was filled in relation to science. Spend your spare time to add your knowledge about your science competence. Some people has various feel when they reading a new book. If you know how big good thing about a book, you can really feel enjoy to read a guide. In the modern era like at this point, many ways to get book that you just wanted.
