The Playboy Interviews: Movers And Shakers Stephen Randall

Power. Control. Influence. In every business, in every area of professional achievement, only a handful of people have taken control of their industry or marketplace. With vision, determination and passion, these people have bent the world to their will. Some were millionaires from birth, others have risen to the upper echelons of power by their bootstraps. From the computers you use, to the shoes you wear, to the cars you drive, their hands have shaped the fabric of your daily existence. In Movers and Shakers, 15 of the most important people from the last 45 years of American business speak candidly about their rise to power. M Press is honored to collect the historic Playboy Interviews with Donald Trump, Steve Jobs, Bill Gates Malcolm Forbes and Hugh Hefner, among others. These entrepreneurs have moved America forward and have shaken the foundation of who we as Americans believe ourselves to be. Many of these interviews are being presented in this volume for the first time since their original publication.
