**\*A *New York Times* bestseller!\***

Free speech and freedom of conscience have long been core American values. Yet a growing intolerance from the left side of the political spectrum is threatening Americans' ability to freely express beliefs without fear of retaliation. *USA Today* columnist and Fox News contributor Kirsten Powers calls it "The Silencing."

Powers chronicles this forced march toward conformity in an exposé of the illiberal tactics deployed to shut down debate on some of the most important issues of the day. How is it that liberalism, once associated with open-mindedness and reason, has become a vehicle for irrational prejudice, ideological conformity, and the marginalization of dissent? What is happening to free speech in America?
