EA and IDW Publishing present Dead Space Salvage! The USG Ishimura, the most famous of the Planetcracker class starships, is flung from orbit around Aegis VII after the disastrous events of Dead Space. It is lost somewhere in deep space, and both the Government and a powerful religious sect called “Unitology” believe it may still hold the Red Marker, an alien artifact that promises great power for either side, and both will stop at nothing to reach it first! This all-new Dead Space graphic novel picks up where the fan-favorite game leaves off!
