## **Lion Hearted (The Divination Falls Trilogy) (Volume 1)** Sommer Marsden

After reading this, I could not believe I hadn't read it sooner. I had this book in my library for awhile and just the other night finally decided to pick it up and read it and I am so glad I did. This was a unique story with so many different paranormal characters from shifters, empaths, witches and demons. The author took the time to develop the main characters and their back story, as well as the history behind becoming a shifter and turning for the first time. This book pulled me in quickly with the discovery of two members of the pride who appeared to have been kidnapped. Tryg is not your typical enforcer as a result of being gay and the need to be away from this pride to start a new life. Enter Luke, a drifter in town that seems to be drawn to Tryg like no other and is able to settle his beast like no one that Tryg has ever met. While these two main characters track the missing kidnapped girls, they learn more about each other and start to build a relationship that will maybe last a lifetime. I loved the chemistry between Tryg and Luke, they hit it right off and their relationship just grew from there. Lion Hearted is a solid mystery, an easy, quick read that urges the reader forward to find the truth behind the disappearance. It was a suspenseful, romantic and very enjoyable read. The book has some steamy sex scenes and quite a few funny moments. I have to say that Luke was the funniest of all characters in this book. I just love him and I hope that the author writes more books in this series. 5 hearts rating -Heart on Fire reviews Tryg Avondale is the muscle for his pride, and when he's called upon to hunt down two missing teens, he sees the job for what it is – a chance to give his pride a break from him and his "nature". Tryg is a gay lion and it's not something his "family" seems to embrace. He takes with him Luke Dorchester – an empath and the perfect travel companion. Luke can feel and soothe every emotion that coils deep inside Tryg, and the sex between them is the hottest Tryg has ever known. Tryg has no intention of letting his emotions go any further when it comes to this brand new man. But he also has zero intention of letting him go. What follows is a road trip from campground to campground, hot nights in hotel rooms and close encounters spent together as they follow the scent of the two abducted shifters. A scent that takes them to Divination Falls, a haven for shifters and associated magical folk; a place where an old evil will surface and Tryg will learn just how far his love for lion-hearted Luke must take him.
